

## STRATEGIC<sup>®</sup>

I possess clear and **methodical thinking** that allows for planning efficient paths of action, determining the most practical steps to take, and avoiding what might not be effective.

### Academic Life

- Keep a notebook detailing your homework and responsibilities for each day.
- Choose classes with clearly outlined syllabi in order to keep your perspective.
- Seek organizations on campus that need assistance with event planning.

### Career Goals

- Detail-oriented planning work will come naturally to you.
- Act as a resource for those who need problem solving by entering fields like advising and counseling.
- Your innovative outlook makes you an asset in new ventures and in frontiers like technology

### Decision Making

- Make lists of pros and cons to assist in finding the right path.
- Schedule time to research and muse on important decisions.
- Gather information and consider all of the possible options available to you.

### Leadership Tips

- Volunteer to take the lead in projects that require detailed planning.
- Your ability to anticipate repercussions can elevate you to positions of recognition.
- Ideas and vision can keep a team alive; use your energy to fuel the process.

### Relationship Building

- Organize events to celebrate and spend time with the people in your life.
- Bring a sense of order by helping those closest to you with planning and envisioning their lives.
- Partner with an Activator to empower an exciting new project.

### Extracurriculars

- Volunteer your planning abilities to an organization or event that interests you.
- Keep journals and to-do lists that help you to feel productive and focused.
- Enjoy documentaries that outline how a historic plan or event was executed.
