

IDEATION®

I am fascinated by **ideas and new perspectives**, with an ability to see the world in a fresh way and to conceptualize connections into exciting and creative ideas.

Academic Life

- Select classes that involve creative projects, as opposed to exams.
- Instead of professors focused on lecture, seek professors focused on discussion.
- Join a creative club on campus.

Career Goals

- Imagine yourself in a variety of careers that interest you in order to decide which ones to explore.
- Seek flexible work environments that allow you time to think freely.
- Choose an organization that values the ideas and input of its employees.

Decision Making

- Brainstorm with the people in your life when considering all angles.
- Allow time for thinking everything through.
- Write down possible solutions and weigh their pros and cons.

Leadership Tips

- Take on leadership positions in projects that will allow you to develop ideas.
- Get involved in groups that take action based on enthusiastic ideas.
- Prompt and lead discussions as often as possible, to share your ideas and hear those of others.

Relationship Building

- Surround yourself with friends who are happy to listen to your ideas and encourage them.
- Choose a mentor who can challenge you to explore your ideas and take them deeper.
- Find a teammate who will enjoy helping you to implement your ideas

Extracurriculars

- Take a class in something creative, like pottery or painting.
- Find a news source for which you can write exciting articles.
- Start a group that can work on a new project, perhaps for your city or campus or within the arts.
